

# 7-STAR<sup>★</sup>

## Audio Pickup Microphone Sound Monitor Sensitivity Audio Monitoring For Surveillance CCTV

# 7-STAR<sup>★</sup>

## Features:

- 1) Adopt high fidelity low noise processing chip, effectively suppress ambient noise by multiple frequency selective filtering, clear and pure sound.
- 2) Built-in automatic gain control (AGC), circuit is well-designed.
- 3) Power supply: DC12V
- 4) Monitoring area: 5~100square meter
- 5) Frequency range: 200~10kHz
- 6) Frequency response: 2.5 dB
- 7) GND: power "-"and Signal GND
- 8) A OUT: audio system input port

## Package included:

- 1 \* audio pickup
